Dear Parent/Carer,

### **Changes to our behaviour system**

Please find below changes to our behaviour system as of Monday 30<sup>th</sup> November. This follows on from the Restorative update during Parents Night and the leaflet on our Restorative Journey.

- Main consequence – loss of Golden Time only, no detentions. Detention removes children from situations they find difficult and doesn't allow them to improve their skills and learn how to 'play' safely – children will never have the chance to 'move on'
- SMT will support social snack (10.30-10.40) and be outside at lunchtime (1.00-1.30). Social Snack allows us to spend time with children and create a plan and targets for the playground. SMT will be outside at lunch time mainly to support children and teach them how to 'play.'
- Restorative conversations for grey and red cards that are given at break/lunch will happen outside (supported by outside staff and Playground Pals)
- Information from outside will be passed to class teacher (to be logged in class behaviour folder)

Yours sincerely

*Carol Irvine*
