GYM UPGRADE

By Nikki and Dylan

Latest news in South Park is that they are getting new gym cupboards. This has been confirmed as the painters were sighted in the hall today. The new cupboards are a bluish turquoise with a white surround. In the pictures taken today there are shelves inside of the new cupboards. They will most likely be used to store all the gym equipment. The area is currently boarded off and no kids are allowed! See following pages for photographs

During the holidays a new floor is being fitted so there will be even more changes to see when we return next term

This editions book review!

The book review that the people picked was Horrid Henrys stink bomb. We at the studio personally like this book too so this should be good. The first chapter is called Horrid Henry reads a book. This chapter is where Henrys class get a challenge to see who can read the most books. Although comics don't count so Horrid Henry was stuck until he came up with an idea he wrote down a whole lot of books that weren't invented yet and his teacher fell for it! He won the challenge and thought he would win a brilliant prize but it was actually just a token for a book... what a bummer!

This has been this editions book review we only had time for one chapter so we will do the next chapter in next edition. Hope you enjoyed!

Roads are safe for p6 cyclists!

In p6 we learned how to cycle safer. We learned our left hand turn, our right hand turn and our starting procedure, also our stopping procedure. Everyone who took part in the cycling passed their test. We first spent a week in the playground then went out on the road. We were quite safe because there were a lot of helpers.

Roblox

Roblox is a brilliant game that you can play lots of games that people make. You can make a character and you can buy robux to get better clothing. You need to be in the builder club to be able to build maps. One of our favourite games is blox hunt so make sure to play it if you got roblox. There is millions of games and sometimes the people who make the games make groups that you can join to get free vip to their games.
